USER GUIDE & INSTALLATION INSTRUCTIONS

DESCRIPTION: Sissybar Replacement Pad

PART NUMBER: 0407-

FITMENT: Most Harley-Davidson® Touring 1997-2022 (excludes some Electra Glide® models)
Softail® 2018-2022 with Tall Sissy Bar & factory triangle bracket

IMPORTANT:

Please read these instructions completely before starting installation. All “NOTE,” “CAUTION” and “WARNING” notations are serious safety issues and should be read carefully. Possible injury to riders or damage to the motorcycle and/or accessory may result if improperly installed.

NOTICE TO DEALERS:

These instructions contain important information for future reference and should be given to the customer.

OVERVIEW:

- This sissy bar pad is a direct replacement pad, designed to match your Saddlemen seat.
- It mounts to genuine Harley-Davidson® Sissy Bars using the triangle bracket and hardware supplied with the H-D® sissybar.
- Dimensions: 7.5"x 7.5"

⚠ WARNING:

READ THESE INSTRUCTIONS THOROUGHLY BEFORE INSTALLATION!

Because of the variety of motorcycle configurations, other accessories, and the features and intended use of this Saddlemen accessory, there could be many different mounting options. You are responsible for the proper installation of this sissybar pad on your motorcycle. Your attention to these installation instructions and recommendations will permit safe and proper use of this accessory. You must mount this sissybar pad properly and securely before riding your motorcycle. If you lack the ability to safely and properly install this accessory, seek out a qualified motorcycle technician for assistance. During installation, support the motorcycle with a suitable stand or lift so it will not tip over and injure you, or damage the vehicle. Using or mounting this sissybar pad improperly could result in a loss of control of the motorcycle which could result in damage to your motorcycle or other personal property, the property of third parties, and/or personal injury to yourself or others, up to and including death.

- The sissybar pad must be installed and securely fastened onto the sissybar on the motorcycle.
- Install the sissybar pad securely so it will not shift or move while riding. Make sure the mounting hardware will not contact any other moving parts of the motorcycle.
- If you do not understand the mounting instructions DO NOT mount the sissybar or pad. Remove any components you may have already installed on your motorcycle.
- Do not use this accessory if you have any doubts as to whether it is properly mounted to your motorcycle.
- DO NOT ATTEMPT TO USE THIS PRODUCT IF ...
 - ... you do not understand these instructions;
 - ... you do not understand any part of the mounting system;
 - ... you have any doubts as to the security of the mounting system.

If you have any concerns or questions, seek help at your qualified motorcycle dealer or call the Saddlemen support line at (310) 638-1222.

Remember: Motorcycling can be a dangerous activity. Installation of any accessory can increase your risk if it is not installed properly. You are responsible to install this sissybar pad so it will not contact any portion of the drive train, suspension or steering, and so it will in no way interfere with the operation of your motorcycle.

To avoid injury, install while engine is cold.

IS 11-400327 0407 Rev 2 (09-2022)

17801 SOUTH SUSANA ROAD, RANCHO DOMINGUEZ, CA 90221

PH: 310.638.1222

INSTALLATION:

Your new sissy bar pad is a direct replacement for the factory pad, designed to match your Saddlemen seat. It fits most Harley-Davidson® Touring models 1997-2022 (excluding some Electra Glide® models) as well as Softail® M8 2018-2022 with sissy bars that use the factory triangle bracket.

Simply remove the three screws from the triangle plate behind the sissy bar, and replace the old pad with your new Saddlemen pad. Once all three screws have been carefully started into the three holes of the backrest pad, tighten the screws. The proper torque setting is 60 in-lbs.

There are three holes with threaded receivers inside, to match the factory triangular mounting plate

IMPORTANT:

After 50 miles (80 kilometers), recheck the mounting hardware and the pad to make sure it's all still tight and secure. A loose sissybar, pad or hardware can interfere with the vehicle's operation and can cause an unsafe riding condition. After that, check fastener tightness during each regular maintenance check

LIMITED WARRANTY POLICY

SADDLEMEN LIMITED ONE-YEAR WARRANTY Saddlemen warrants its products for defects in materials, design or workmanship for a period of one year after retail purchase. Items that are defective will be repaired or replaced by Saddlemen at its sole discretion. Damage caused by improper use or improper installation is not a defect; therefore repair, replacement or shipping of a damaged accessory will not be covered under this warranty. This limited warranty contains other provisions and conditions, so please refer to the Warranty Policy that was provided with your sissybar pad, or visit www.saddlemen.com for additional warranty information. You can count on Saddlemen's quality, innovation, service and style. If for any reason you are not satisfied with the performance of your Saddlemen accessory, please contact the Saddlemen support line at (310) 638-1222.
